LAWN TRACTORS AND SERIES 2000

Models: Lawn Tractors  
 Date: March 13, 1996  
 Subject: REPLACEMENT TIRES

When Goodyear discontinued manufacturing lawn and garden tires, we secured another manufacturer to supply your customers with quality replacement tires.

Below you will find a chart with the discontinued tire part number, tire size, the new tire kit part number (available in matched pairs only), and current pricing. The new replacement tires must be sold in matched pairs to maintain the same tread pattern (similar to Goodyear) and tire circumference. Your customers will find the new tire kit competitively priced when compared to the discontinued tire.
