Symmetrical Performance

Most Cub Cadet OEM spindle shafts and blades incorporate our patented star-shaped pattern. This exclusive design allows for the blade and spindle assembly to work in symmetry, resulting in lower deck vibration, increased spindle life, and, ultimately, higher customer satisfaction.

Unlike selling "will-fit" options, every time you sell a Cub Cadet blade you can be assured it has met all American National Safety Institute (ANSI) standards. What's more, every single Cub Cadet OEM star blade fits seamlessly to the spindle shaft, so you can be confident you're providing your customers the safest and best-performing option available.

Don't Compromise
- Use "The Star"

(A) = Includes bearings, seals and spacers

Don't compromise.

"Will-fit" belts are "about" the right length, made from "about" the right materials, and have "about" the right cross-section.

In other words, they're a compromise solution. They may fit, but what assurance do you have that they'll perform?

Cub Cadet original equipment belts are engineered and manufactured with "stronger than steel" aramid or polyester cords, oil- and heat-resistant rubber compounds, and 2-ply covers. They're the "right" materials, the "right" length, and the "right" cross-section.

Trust them to perform for your customers, without compromise.

PART DESCRIPTION	M60-CT 53AB5JEX750	M72-CT 53AB5JEZ750
<p>THESE UNITS NOT AVAILABLE AT TIME OF PRINTING</p>		

The one oil for your commercial needs.

Multi-purpose Shell Rimula SAE 15W-40 oil is formulated for both transmission and engine applications. It's the only oil specified for use in all 2006 Z-Wing and Tank hydraulic systems. With this extra-high-performance oil, there's no need to stock separate oils. Rimula does it all.

Shell Rimula offers outstanding wear protection and maximizes bearing life for any Cub Cadet Commercial unit. In fact, Shell Rimula oil meets the strict specifications required for the Caterpillar engine on the soon-to-be-released M60-CT and M72-CT Tank models.

So stock up on Shell Rimula oil (Part no. 02002058) and eliminate the need for you and your customers to carry multiple oils.

Offers outstanding wear protection and maximizes bearing life
